

## **IFI SOCIAL INTERCOURSE RELATING COLLECTED INFORMATION-INTELLIGENCE FOR ANTI DOPING PURPOSES**

Within this provision IFI has policies and procedures in place to ensure:

- that anti-doping intelligence / information captured or received are handled securely and confidentially
- that sources of intelligence / information are protected, wherever possible
- that the risk of leaks or inadvertent / advertent disclosure is properly addressed
- that information shared are only used for legitimated anti-doping purposes.

IFI's staff (negligible number of persons, all work on a voluntary basis) is encouraged and obliged to act as mentioned above.

The outcomes of intelligence and information are included, if applicable, in target testing and in the development of the Test Distribution Plan.
